Welcome

This is the proudest moment of a Headteacher's year: an evening in which the school celebrates the very best of what it means to be a Bournsider. The names we'll hear are the names of our most successful students. The achievements honoured this evening represent talent, determination, resilience, skill, diligence, and hard work. Success is hard won, achieved through struggle and the support of those around you. As Theodore Roosevelt said, "nothing worth having comes easy," and it's precisely because it's not easy that success is such a cause for celebration.

It is, therefore, something of which our award winners should, like me, feel extremely proud. Congratulations!

Mr Jefferies, Headteacher

Katharine Clough, University of Gloucestershire

We are delighted to welcome Katharine Clough, Pro Vice-Chancellor External Engagement at the University of Gloucestershire, as our Guest of Honour this evening.

Katharine brings a wealth of experience across Higher Education, Local Government and the Financial Sector. Prior to joining the University in 2024, she led transformative work at the Royal Agricultural University, including the stakeholder engagement strategy for a multi-million-pound estates development. Her previous roles also include senior leadership positions at the University of Wolverhampton and Worcestershire County Council. Throughout her career, Katharine has been recognised for her ability to strengthen organisational identity, build impactful partnerships and drive meaningful growth.

We are honoured to have Katharine join us in celebrating the achievements of our students this evening. Thank you for joining us.
